

DeLaval Cubicle roll CR20

**Good slip
resistance**

**Easy to
wash**

**Simple
maintenance**

**Easy
installation**

DeLaval CR20 is a cubicle mat on roll with big studs underneath to ensure good comfort. With the right amount of bedding material on top to absorb moist and dirt, this seamless solution keeps your daily maintenance work to a minimum. The CR20 is available in different sizes and is suitable for adult cows, young stock and heifers.

DeLaval

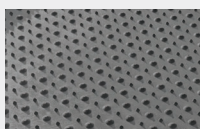

Cubicle roll CR20

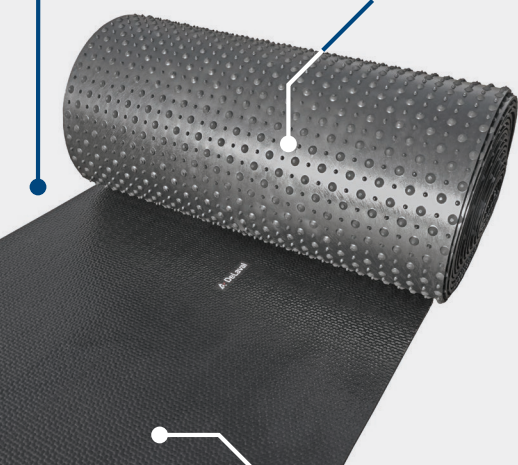

Often young stock are forgotten in terms of cow comfort, but providing good comfort now makes healthy cows later on.

The CR20 is an excellent solution for every budget.

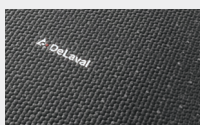

Canvas on the inside for low expansion and good resistance to the environment.

Hygienic Matting: Studs and cones on the underside for excellent drainage.

The hammerhead surface ensures excellent grip, even when wet.

Measurements

Thickness	20mm
Length	10m or 25m roll
Width	1500mm - 1800 mm
Compression	10mm

Most suitable for:

- ☒ Beef cows
