## Rubber coverage R18P

Good slip  
resistance

Variety of  
sizes to  
minimize  
waste

High-quality  
long lasting  
rubber

**DeLaval rubber alley mat R18P is an 18 mm rubber mat that combines high quality and durability. Available in a range of sizes, it can be installed in most alleys, waiting areas and milking rotaries.**

The rubber protection extends the life of concrete floors. DeLaval rubber alley mat R18P is compatible with the use of slurry scrapers. Rubber flooring like DeLaval R18P significantly improves cow comfort by reducing the risk of slipping. The mat resists wear and provides a comfortable surface to enhance the natural rate of movement and good cow health.

*"Last year we invested in DeLaval alley mat R18P for the waiting yard to the parlor. The R18P has a good grip and is comfortable to walk on both for us and the cows. I am convinced this mat is contributing to a better animal welfare in our herd."*

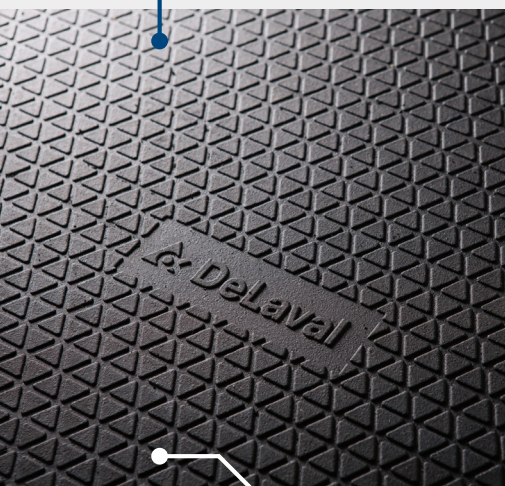

-Brian Jensen, Brande in Denmark
