

DeLaval Milking Automation for Parlors

MA100, MA200 and MA500

Unlock the next-level of efficiency

With intuitive LED-colored operation, and one-button sorting our new Milking Automation solutions are key to taking your business to a new level of performance.

FARM LOCATION: LAKE MILLS, WI, USA
HERD SIZE: 750 MILKING COWS

“ It can tell you right there, she’s low three pounds or she’s plus ten pounds

...and that’s pretty quick, you don’t even have to come to the office to look at the cow, you can do it right in the parlor. ”

– Patti Dolph

* Dairy producer testimonials reflect their real-life experience using DeLaval products. Results in testimonials have not been independently verified and DeLaval does not claim the results will be achieved by all users. Actual, individual performance and improvement will depend on a number of factors, including milking practices, type of cows, farm and herd maintenance practices. Testimonials do not constitute warranties or guaranties of service or performance.

Milking Automation that flexes around your needs
