50%
REDUCTION IN
SLIPS + SQUAWKS**

**DelPro software KPI showing results with Evanza

“ I really like the fact that they’re lightweight. You don’t realize how much a cluster can weigh, so I noticed that right away. I quite enjoy it, they’ve got good milk flow, and I do feel that they are getting milked out properly. ”

— Amy Dowling

*These are Amy Dowling’s results. Yours may differ.

FARM INFO: **Larenwood Farms, Drumbo, Ontario**
MILKING SYSTEM: **DeLaval Parallel Parlour double-10**

“ With this new Evanza cluster, I hardly ever have a slip in the parlour anymore, and overall better milking of the unbalanced quarters. There’s no looking back. There’s no hesitation with what we did. ”

— Chris McLaren

*These are Chris McLaren’s results. Yours may differ.

The future of milking is here

The most efficient cluster we've ever developed means more milk and better udder health, with less labour required.
