

Warp-knitted udder towel

The warp knitted udder towel has a zigzag sewing pattern, resulting in a strong perforation pattern that easily removes dirt, but still feels very comfortable to the teats. The towel is very thin and smooth, making it easy to wring out and comfortable to use.

This colour-striped white towel has a size of 30 x 34 cm and can be washed at 90°C.
One pack contains 10 towels.
